Chughtai Manzal, Sheshawala Mohala, Moti Bazar, Wazirabad, Dist Gujrawanala,, 52000, Wazirabad, Pakistan

● WORK EXPERIENCE

23/03/2013 – CURRENT – Gujrat, Pakistan

LECTURER BIOCHEMISTRY AND BIOTECHNOLOGY – UNIVERSITY OF GUJRAT

1. Teaching undergraduate classes
2. Coordinator of Hayatian Society of Biochemistry and Biotechnology
3. Member of Board of Studies
4. Member of Faculty Board of Faculty of Science University of Gujrat

Education | www.uog.edu.pk | Gujrat, Pakistan

21/03/2010 – 21/03/2013

CHEMIST – POULTRY RESEARCH INSTITUTE

1. I was responsible to look after all the activities of Feed Testing Lab
2. Chemical Analysis of poultry feed samples
3. Support research groups of poultry research institute

Rawalpindi, Pakistan

27/08/2009 – 15/03/2010

UNIVERSITY RESEARCH ASSISTANT – DR. MUHAMMAD ANSAR, QUAID-E-AZAM UNIVERSITY

1. Look after the Dr Muhammad Ansar research lab
2. Help Dr Muhammad Ansar in undergraduate courses especially in practical classes.

Islamabad, Pakistan

● EDUCATION AND TRAINING

25/02/2014 – 28/01/2020 – Hafiz Hayat Campus, University of Gujrat, Gujrat, Pakistan

DOCTORATE OF PHILOSOPHY (BIOCHEMISTRY AND MOLECULAR BIOLOGY) – University of Gujrat

My thesis title was

"Characterization and Rational Modification of Microbial Protease for thermostability and Industrial Application"

Thermostable protease designed during PhD studies claimed as Patent

Field(s) of study

- Protein Engineering

<http://prr.hec.gov.pk/jspui/handle/123456789/13430>

Research Thesis Title: "A Study of Pakistani Families with Autosomal Recessive Achromatopsia."

In this research project, we have used linkage analysis technique to find out the mutated gene. Moreover, I have also taken a variety of various courses during my first two semesters including Advances in Molecular Biology, Advances in Genetics, Genomics etc.

CGPA 3.9/5

Field(s) of study

- Molecular Biology

www.qau.edu.pk

22/01/2006 – 22/02/2008 – Islamabad, Pakistan

MASTER IN SCIENCE (BIOCHEMISTRY & MOLECULAR BIOLOGY) – Department of Biochemistry, Quaid-e-Azam University,

A variety of courses covering every aspect of Biochemistry & Molecular Biology including Enzymes, Genetics, Genetic engineering, vitamin and hormones, Plant Biochemistry, Biostatistics etc

74.5% Marks obtained and got 8th position in batch

Field(s) of study

- Biochemistry & Molecular Biology

www.qau.edu.pk

27/08/2003 – 20/11/2005 – Lahore, Pakistan

BACHELOR'S OF SCIENCE IN BIOLOGY (B.SC.) – Govt. College University, Lahore

3.25/4 CGPA

Field(s) of study

- Biology

www.gcu.edu.pk

02/07/2017 – 18/12/2017 – Singapore, Singapore

TRAINING IN PROTEIN CHEMISTRY – Department of Biological Science, National University of Singapore

I joined a structural biology lab in the Department of Biological Sciences, National University of Singapore, under the supervision of Dr Kunchithapadam Swaminathan for a period of six months. During my stay, I have equipped myself with advance research techniques in structural biology. Moreover, I have also constructed thermostable protease mutants during my stay.

Field(s) of study

- Structural Biology, Bioinformatics, Protein Engineering

www.nus.edu.sg

21/12/2018 – CURRENT

DATA SCIENCE WITH R PROGRAMMING LANGUAGE – Datacamp.com

Acquired skills

- to handle, clean, analyze, sort, visualize, etc data
- to apply various machine learning algorithm to train models

● **JOB-RELATED SKILLS**

01/09/2008 – CURRENT

Research-related skills

- My first main area of expertise is cloning, expression, and biophysical characterization and crystallization of proteins.
- My second main area of expertise is bioinformatics. I am skill full in all bioinformatics techniques including 3D structure prediction, Molecular docking, MD simulations, QSAR analysis in Drug discovery, Epitope based design, Cancer Bioinformatics, Evolutionary Bioinformatics etc.
- Skill full in R programming for Data Analysis, and Machine Learning.
- Basic skills in Python programming
- Skill full in Molecular Biology techniques like PCR, Gel Electrophoresis, Sequencing, 2-D Gel Electrophoresis, Different Chromatographic techniques.

● **PUBLICATIONS**

Patent

● PRESENTATIONS

Workshop Resources Person

Resources Person in Computational Biology Workshop in COMSATS University Abbottabad Held in Jan 2019.

● PROJECTS

Projects

-Development of Natural Anti-diabetic Compounds Reported in the Literature from 1985 to up till now. The database will be available for public soon.

-Development of Machine Learning based algorithm for prediction of DNA quantity in Agarose Gels (Project in Pipeline)

-Rational Engineering of Serine protease for high stability and Catalytic activity (Submitted to HEC)

● HONOURS AND AWARDS

Honours and awards

(1) IRSIP Scholarship Awarded by Higher Education Commission of Pakistan for six-month training in the National University of Singapore.

(2) Merit-based scholarship for Master of Philosophy (MPhil) degree program awarded by Quaid-e-Azam University, Islamabad, Pakistan

● COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

- good communication skills gained through my six-year teaching experience as a lecturer in the Department of Biochemistry, University of Gujarat

- good scientific writing skills gained through writing scientific articles during my academics. Moreover, my experience as editor of scientific newsletter "Scientific Beats" also helps me to polish my communication skills.

● ORGANISATIONAL SKILLS

Organisational skills

- Currently working as coordinator of Hayatian Society of Biochemistry & Biotechnology (HSBB), University of Gujarat
- Worked as President of Quaidian Blood Donner Society (QBSDS)

● CERTIFICATIONS

Certifications

Certification: Specialization in Data Science with R

Organization: <https://www.datacamp.com>

Total No Courses in Certification: 23
